## Parishioners' Responses to the Prompt Sheet

Thank you for completing the Prompt Sheet - we received 148 responses from families and individuals which represents a very strong reponse from the Parish (similar to last year - 144 responses). The responses to the prompts are very similar to those before the campaign started but the qualitative comments (see page 2) are all very supportive, suggesting that the Live Simply Campaign has been well received. There is a strong common thread that we should maintain our focus on Live Simply into the future which suggests that we have achieved our aim of embedding Live Simply into our Parish life.
