Parishioners generate Word Cloud!

As part of our work in developing the Parish, the Parochial Council has been looking at the way we work in the light of Pope Francis's synodal pathway. We are looking to agree a Vision and Mission for the Parish and, in order to involve the whole parish, we thought we would consult on where we are now. We hope the generation of a Word Cloud will enable us to understand the views of the Parish as we develop a proposal for the Vision - where we want to be - and the Mission - how we get there.
